#### 17. Vial of Blood-

Blood is the essence of  
life, and therefor the  
necromancers used it  
in spells with  
movement or  
animation. Although  
the alchemists dont  
enjoy it, its fairly  
easy to guess that it  
was used mostly for  
agility potions, since it  
has so much in  
common with Blood  
moss. Magical Uses:  
Quake, Death speak,  
Sumon dead, Open  
ground and Golem.

#### 18. Volcanic Ash-

The refuse of the  
volcano has the  
property of creating  
the initial spark of  
fire (litteraly  
translated). As  
mentioned Sulphurous  
ash cover our needs  
for explosives, but its  
likely that a greater  
explosive can be  
created with Volcanic  
ash, the problem is  
finding a volunteer to  
try it. Magical Uses:  
Explosive, Summon  
daemon, Banish  
daemon, Create fire,

Fire shield, Ignite,  
Flame bolt, Flash,  
Conflagration,  
Destruction and  
Meteor swarm.

19. Wyrms Heart
